

SAMU STEWART's CV

Wuthathi Country and Mabiliaug Island

This is nine year old Samu's second time to exhibit his art at a NAIDOC exhibition. He has enjoyed taking his art to sell at markets and festivals and is gaining confidence and pride through experiences to showcase his artistic skill.

Samu often works with his parents and Grandfathers, to create, renovate and fine tune his creations. He also enjoys sketching, whittling, painting and spray painting.

In this 2021 NAIDOC exhibition he is displaying his restored and rebuilt blue BMX bike. The bike is called "Deep Currents" and is carefully decorated with enamel dotted waves of water.
